

Agenda

Advanced Colposcopy: The Complete Lower Genital Tract

Thursday, December 6, 2007

6:45 am – 7:15 am Registration, Visit Exhibits and Continental Breakfast
7:15 am – 7:30 am Introduction of Faculty and Announcements

Session I: Your Patient Has Vulvar Pain

7:30 am – 9:00 am **Vulvodynia: History, Definition, Etiologies and Diagnosis**

- New terminology discussion
- How to diagnosis the various forms of vulvodynia

Non-surgical Approaches to Vulvodynia

- Topical medications, oral medications
- Blocks
- Physical therapy, biofeedback
- Botulinum toxin injections
- Sexual Counseling

Operations for Introital Dyspareunia

- Indications, contraindications and the importance of patient selection
- Surgical techniques, results, and complications of surgery

9:00 am – 9:30 am **Questions, Faculty Answers, and Discussion**

9:30 am – 10:00 am Coffee/Tea Break and Visit Exhibits

Session II: Infectious and Noninfectious Vulvovaginal Conditions

10:00 am – 10:30 am **Ulcers and Erosion of the Vulva**

10:30 am – 11:00 am **HSV Infections: Current Status of Clinical Care**

- Diagnosis: Current testing methods for HSV – type specific serology
- Treatment: The new drugs, new recommendations, and how to use them
- Special Management Issues:
 - Asymptomatic viral shedding

Agenda *(continued)*

- Suppressive or episodic therapy
- Post herpetic neuralgia
- Vaccine update

11:00 am – 11:30 am **Female Genital Mutilation**

11:30 am – 12:30 am **Small Group Breakout Sessions**

(Participants Rotate Through Each Workshop)

- Group A: The basic to the advanced evaluation of vaginal discharge
- Group B: Stump the Professor - bring cases for discussion

12:30 am – 1:30 pm Lunch (provided with registration)

1:30 pm – 2:00 pm **Pruritus: Two Common Conditions with this Annoying Symptom—Lichen sclerosus and Lichen simplex chronicus**

- Relief for the patient with pruritus
- Indications for topical and intralesional steroid therapy
- A helpful recipe for the itch-scratch cycle

2:00 pm – 2:30 pm **Vulvar Edema**

2:30 pm – 3:00 pm **Questions, Faculty Answers and Discussion**

3:00 pm – 3:30 pm Coffee Break and Visit Exhibits

3:30 pm – 4:30 pm **Small Group Breakout Sessions**

(Participants Rotate Through Each Workshop)

- Group A: Understanding topical medications
- Group B: Vulvar Videos: Interesting cases and discussion

4:30 pm – 5:00 pm **Pigmented Lesions of the Vulva**

5:00 pm – 5:30 pm **Hidradenitis suppurativa**

5:30 pm – 5:45 pm **Questions, Faculty Answers and Discussion**

Agenda *(continued)*

Friday, December 7, 2007

6:45 am – 7:15 am Registration, Visit Exhibits and Continental Breakfast
7:15 am – 7:30 am Announcements

Session III: Advances in Understanding Diseases of the Vulva and Vagina

- 7:30 am – 8:00 am **Colposcopy of the Vulva and Treatment of HPV Associated Conditions**
- Diagnosis and treatment of condyloma
 - Diagnosis of VIN
 - Explore the various treatments of condyloma and VIN
- 8:00 am – 8:30 am **Colposcopy of Vagina and VaIN**
Diagnosis and treatment issues for HPV and VaIN
- 8:30 am – 9:00 am **HPV Myths and Misconceptions: Managing Patients with Persistent Disease Associated with HPV**
- Look-alikes: How to avoid misdiagnosis, mismanagement, and morbidity
 - Persistence, recurrence, transmission
- 9:00 am – 9:30 am Coffee Break and Visit Exhibits
- 9:30 am – 10:00 am **The Vaginal Infections**
- Bacterial vaginosis: Current recommendations with and without pregnancy
 - Trichomoniasis update
- 10:00 am – 10:30 am **Recurrent Vulvovaginal Candidiasis: Current Clinical Care**
- When and how to culture
 - Albicans versus non-albicans infection
 - The oral drugs, their interactions, and liver enzymes
- 10:30 am – 11:00 am **The Enigmatic Vaginal Discharge**
- The abnormal discharge and physiologic discharge
 - Desquamative inflammatory vaginitis
 - Streptococcus
 - Mucopurulent cervicitis

Agenda *(continued)*

11:00 am – 11:30 am **Questions, Faculty Answers, and Discussion**

11:30 am – 1:00 pm **Small Group Breakout Sessions**

(Participants Rotate Through Each)

- Group A: Cost effectiveness in the treatment of HPV related conditions
- Group B: Evaluation and treatment of vulvovaginal conditions in the pediatric patient
- Group C: The HPV vaccine

Saturday, December 8, 2007

6:45 am – 7:15 am Registration, Visit Exhibits and Continental Breakfast

7:15 am – 7:30 am Announcements

Session III: Advances in Understanding Diseases of the Vulva and Vagina *(Continued)*

7:30 am – 8:00 am **Vulvar Tumors**

8:00 am – 8:30 am **Plastic Surgery of the Vulva**

8:30 am – 9:45 am **Your Diagnosis Is?**

- Test your knowledge of various vulvovaginal conditions

9:45 am – 10:00 am **Questions, Faculty Answers and Discussion**

10:00 am – 10:30 am Coffee Break and Visit Exhibits

Session IV: HPV Infection and Cervical Cancer

10:30 am – 11:00 am **Scope of the Problem: Colposcopic Overview of the Cervix from Benign Disease to Malignancy**

11:00 am – 11:30 am **Natural History of HPV and Clinical Use of HPV Testing: What a Clinician Needs to Know**

- Current understanding of the HPV infection process
- Transmission after infection
- Latency and the long-term effects
- Clinical use of HPV testing

Agenda *(continued)*

- 11:30 am – 12:00 pm **2006 Consensus Guidelines**
- 12:00 pm – 12:30 pm **Current Screening for Cervical Disease: Cytology and Colposcopy Correlation**
- Case Studies
- 12:30 pm – 1:00 pm **Questions, Faculty Answers and Discussion**

Sunday, December 9, 2007

- 6:45 am – 7:15 am Registration, Visit Exhibits and Continental Breakfast
- 7:15 am – 7:30 am Announcements

Session IV: HPV Infection and Cervical Cancer (Continued)

- 7:30 am – 8:00 am **Current Screening for Cervical Disease: Past, Present and Future**
- Liquid-based cytology
 - The future of HPV screening
- 8:00 am – 8:30 am **ASC and ASC-H: How to Answer the Questions**
- Cytology of ASC and ASC-H
 - Triage and management of ASC and ASC-H
 - Current algorithms for management – ASCCP Consensus Guidelines
 - Colposcopy case examples
- 8:30 am – 9:00 am **Assessment of LSIL**
- Cytology of LSIL
 - Current algorithms for assessment – ASCCP Consensus Guidelines
 - Colposcopy of LSIL
- 9:00 am – 9:30 am **Panel Discussion: Management of LSIL**
- Triage of LSIL
 - Cytology of LSIL
 - Current algorithms for management – ASCCP Consensus Guidelines
 - Case examples for current management discussion, including special circumstances

Agenda (continued)

- Postmenopausal patients
- Adolescents
- 9:30 am – 10:00 am Coffee Break and Visit Exhibits
- 10:00 am – 10:30 am **AGC, AIS and other Glandular Abnormalities**
 - Defining AGC
 - Evaluation of the AGC smear
 - Current algorithms for management
 - ASCCP Consensus Guidelines
 - Colposcopic findings of glandular abnormalities
- 10:30 am – 11:00 am **HSIL Management**
 - Cytology of HSIL
 - Triage of HSIL
 - Current algorithms for management
 - ASCCP Consensus Guidelines
 - Case Examples
- 11:00 am – 11:30 am **Difficult Colposcopic Cases**
 - Pregnancy
 - Positive cytology post-treatment
 - Persistent ASC
 - Non-visualization of transformation zone
- 11:30 am – 12:00 pm **Questions, Faculty Answers and Discussion**
- 12:00 pm – 12:30 pm **Novel Screening Approaches**
 - Use of HPV typing
 - Visual screening methods
 - Use of other biomarkers
- 12:30 pm – 1:00 pm **Colposcopy of Microinvasive and Invasive Cervical Cancer**
 - Colposcopic warning signs of invasion
 - Current ASCCP Consensus Guidelines algorithms for management
 - Indications for conization for diagnosis
 - When is hysterectomy indicated?
 - Management of an unsuspected invasive cancer
- 1:00 pm – 1:30 pm **Questions, Faculty Answers and Discussion**
- 1:30 pm Return Course Evaluation/Adjourn
