

High Resolution Anoscopy

Is this educational activity right for me?

The ASCCP High Resolution Anoscopy (HRA) course best serves those physicians and advanced practice clinicians who are participating in the health care of MSM, men and women with HIV disease, other at-risk groups, and women with HPV-related disease. This course is appropriate for health care providers in many fields, including family practice, internal medicine and infectious disease, gastroenterology, general surgery, colo-rectal surgery, gynecology and pathology. Advanced colposcopy practitioners and those interested in the didactic and procedural training specific to HPV-related anal disease and HRA will benefit from this course.

This course has been designed to be taken after completion of the ASCCP Comprehensive Colposcopy course. For those participants who wish to take this HRA course, documentation of prior completion of an ACCME-accredited comprehensive/basic colposcopy course is required and should be submitted with the registration form. Proof of colposcopy training from an accredited US. residency program is also acceptable.

For those who have not met this requirement, you may instead complete the first two days of the ASCCP Comprehensive Colposcopy course being presented immediately before the HRA course begins.

Course Objectives:

This course has been designed to improve competencies in medical knowledge, practice-based learning, systems-based practice, and patient care. Upon completion of this educational activity and its post-test and evaluation tool, the learner should be able to:

- Apply an improved understanding of the biology, epidemiology and natural history of anal HPV infection and HPV-related neoplasia and describe how these factors relate to optimal practice of at-risk patients with preinvasive and invasive disease of the anal canal (medical knowledge);
- Assess practice populations to identify patients who may benefit from screening, diagnosis, and treatment (practice-based learning, patient care);
- Demonstrate the diagnostic procedures used in the evaluation of anal dysplasia and anal cancer including anal cytology, high resolution anoscopy, and anal biopsy (practice-based learning, patient care); and,
- Describe and apply the appropriate treatment and management options for anal dysplasia and anal cancer (medical knowledge, systems-based practice, patient care).

Course Educational Methods

Lectures: The learners will attend general sessions consisting of didactic lectures covering the basic principles considered the foundation of knowledge required to evaluate, diagnose and manage HPV-related anal disease.

Open Question and Answer Sessions: Each lecture session concludes with an open question and answer period led by the presenter(s). Questions are solicited from the learners and are read to the full audience. In addition, educators seek teaching opportunities at breaks to answer specific questions one on one.

Pattern Recognition/Case Presentation: These break-out sessions provide an intense and interactive exposure in a small group format to multiple HRA images as well as anal cytology and histology. Numerous images are presented during the span of a given course, allowing learners to practice assessing for presence or absence of disease, evaluating abnormalities, and planning treatment options. In addition, the case study sessions are designed for sharpening learners HRA pattern recognition skills, improving their ability in differentiating normal from abnormal conditions, improving their differentiation skills of low grade lesions versus high grade lesions and cancer, and management issues.

Hands-on Sessions: Non-CME sessions on the techniques and procedures used in high resolution anoscopy, including biopsy techniques and treatment modalities are provided. These sessions utilize latex models to practice HRA and the identification of lesions and non-human tissue to practice biopsy and infra-red coagulation techniques. Under the direct supervision of faculty, participants practice in structured simulations to perform these techniques.

Video Session: A video session on the HRA procedure and infra-red coagulation (a treatment modality) is presented. A faculty member provides orientation and commentary during the video.

Continuing Medical Education

ACCME Accreditation

The American Society for Colposcopy and Cervical Pathology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Continuing Medical Education Credits

ASCCP—The American Society for Colposcopy and Cervical Pathology designates this educational activity for a maximum of 14.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACOG—The American College of Obstetricians and Gynecologists has assigned 14 cognate credits to this program.

AAFP—This activity has been reviewed and is acceptable for up to 14.25 Prescribed credits by the American Academy of Family Physicians.

Instructions for Obtaining Continuing Medical Education Credit

To complete this program successfully and receive credit and a certificate of attendance, participants must:

- Sign in each day at the ASCCP registration desk and attend all sessions;
- Complete the pre and post-tests at the course;
- Read the program objectives and program syllabus;
- Read, complete and submit the program evaluation at the course; and,
- Complete post-course assessment exercise (15-minute survey).

High Resolution Anoscopy Course Faculty

Joel M. Palefsky, MD, CM **Program Director**

Professor of Medicine
Director, Anal Neoplasia Clinic
University of California, San Francisco
San Francisco, California

J. Michael Berry, MD

Assistant Clinical Professor of Medicine
Division of Hematology Oncology
Associate Director, HPV-Related Clinical Studies
University of California, San Francisco
San Francisco, California

Stephen E. Goldstone, MD

Assistant Clinical Professor of Surgery
Mount Sinai School of Medicine
Private Practice
Laser Surgery Care
New York, New York

Naomi Jay, RN, NP, PhD

Associate Director of HPV Research Studies
University of California, San Francisco
San Francisco, California

Teresa M. Darragh, MD

Professor of Clinical Pathology
University of California, San Francisco
Mt. Zion Medical Center
Departments of Pathology and Obstetrics
and Gynecology
University of California, San Francisco
San Francisco, California

With assistance from:

Mary M. Rubin, RNC, PhD, CRNP

Associate Clinical Professor
Department of Obstetrics and Gynecology
and School of Nursing
Gynecologic Oncology/Dysplasia Clinical
Research Coordinator
University of California, San Francisco
San Francisco, California

High Resolution Anoscopy Agenda

August 14–15 • InterContinental Mark Hopkins Hotel • San Francisco, California

Saturday, August 14, 2010

| | |
|---------------------|--|
| 7:00 am – 7:30 am | <i>Registration/Breakfast/Visit Exhibits</i> |
| 7:30 am – 8:15 am | Epidemiology of HPV |
| 8:15 am – 8:55 am | Pathology of Anal Cancer and Anal Intraepithelial Neoplasia (AIN) |
| 8:55 am – 9:10 am | Participant Questions and Faculty Answers |
| 9:10 am – 9:40 am | <i>Coffee/Tea Break and Visit Exhibits</i> |
| 9:40 am – 10:25 am | The ABCs of Equipment, Procedures and Terminology |
| 10:25 am – 11:20 am | HRA: Recognition of LSIL and HSIL |
| 11:20 am – 11:35 am | Participant Questions and Faculty Answers |
| 11:35 am – 12:45 pm | <i>Lunch on your own</i> |
| 12:45 pm – 1:30 pm | HRA: Cancer |
| 1:30 pm – 2:10 pm | HRA: Perianal Disease |
| 2:10 pm – 2:50 pm | Non-HPV-related Anal Disease |
| 2:50 pm – 3:05 pm | Participant Questions and Faculty Answers |
| 3:05 pm – 3:20 pm | <i>Coffee/Tea Break and Visit Exhibits</i> |
| 3:20 pm – 3:50 pm | HRA Video |
| 3:50 pm – 4:20 pm | Management and Treatment of HPV-related Disease: General Principles with Cases |
| 4:20 pm – 4:40 pm | Participant Questions and Faculty Answers |
| 4:40 pm – 6:00 pm | HRA Workshop (Non-CME): Equipment and Latex Models |

Sunday, August 15, 2010

| | |
|---------------------|---|
| 6:45 am – 7:15 am | <i>Registration/Breakfast/Visit Exhibits</i> |
| 7:15 am – 7:30 am | Participant Questions and Faculty Answers |
| 7:30 am – 9:00 am | Non-Surgical Treatment with Cases and Infra-red Coagulator Video |
| 9:00 am – 10:00 am | Surgical Treatments and Combined Modality Therapy with Cases |
| 10:00 am – 10:30 am | <i>Coffee/Tea Break and Visit Exhibits</i> |
| 10:30 am – 1:00 pm | CME Workshops Workshop 1: Gallery of Anoscopic Images Workshop 2: Cytology/Histology/HRA Correlation Workshop 3: Case Presentations |
| 1:00 pm – 2:00 pm | <i>Lunch (Provided)</i> |
| 2:00 pm – 2:15 pm | Participant Questions and Faculty Answers |
| 2:15 pm – 3:15 pm | Setting up the Office: Equipment List, Exam Forms, Billing and Coding Issues |
| 3:15 pm – 3:45 pm | Summary/Wrap-up/Participant Questions and Faculty Answers |
| 3:45 pm – 5:00 pm | Workshop (Non-CME, Optional): IRC and Biopsy Practicum |
| 5:00 pm | <i>Adjourn</i> |

Management of Disclosure of Interest and Contributed Funds

As an accredited provider of CME credit, ASCCP is required to comply with the *ACCME's Standards of Commercial Support* and has implemented a management process to ensure that anyone who is in a position to affect the content of the educational activity (e.g., faculty, planners, etc.) has disclosed to us all relevant financial relationships with any commercial interest and has ensured that those relationships do not influence presentation materials. All faculty have agreed to base their presentations on best available evidence. ASCCP discloses to learners any financial relationship(s) to healthcare-related commercial interests existing within the past 12 months to include the following information: 1) the name of the individual; 2) the name of the commercial interest; and, 3) the nature of the relationship the person has with each commercial interest. Course directors review presentation materials for possible bias prior to the course, and potential conflicts of interest are resolved prior to the presentation. Any discussion of off-label use of products is noted when appropriate, as is discussion of any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion. Disclosures of these commitments and/or relationships are published in the course materials and provided from the podium so those participants in the activity may formulate their own judgments regarding the presentation(s). Course directors and co-directors also monitor presentations for bias and intervene as appropriate to provide balance. Under ASCCP policy, anyone declining either to disclose or to amend material to eliminate potential bias identified by the course directors will be replaced.

Hotel Information

InterContinental Mark Hopkins Hotel

1 Nob Hill

San Francisco, California

415-392-3434

415-421-3302 fax

www.markhopkins.net

Group Rate: \$211.00 Single/Double Occupancy

Cut-Off Date: July 12, 2010

As splendid now as when it opened to great fanfare in 1926, the AAA four diamond InterContinental Mark Hopkins San Francisco is one of the city's finest hotels. It is most conveniently located within walking distance of Union Square, North Beach, Chinatown and the Financial District. Catch the cable car just outside the front door for the five-minute ride to Fisherman's Wharf. The Mark Hopkins is at the crossing of three cable car lines.

Enjoy drinks or a meal with a breathtaking view from the Top of the Mark sky lounge. By day, enjoy views of the city, bay, Golden Gate Bridge, Treasure Island and beyond. At night, enjoy a martini, live entertainment and the sunset over panoramic views of the city and bay.

The Society has contracted with the Mark Hopkins Hotel for the special room rate of \$211.00 per night single/double occupancy. To secure hotel accommodations at the Mark Hopkins hotel, telephone the hotel at 800-NOB-HILL and mention that you'll be attending the ASCCP meeting. Please make your reservations early, as rooms and rates are on an as-available basis.

Travel and Transportation

Airport Information: The Mark Hopkins is 17 miles/25-30 minutes from San Francisco International Airport and 22 miles/30 minutes from Oakland International Airport.

Transportation: Shuttle vans run on a 24-hour basis through the airports — no reservation necessary and cost \$20 per person. Taxi fare to the hotel is about \$40. All major car rental agencies are located at the airport. Valet parking at the hotel is \$52 per day. (Transportation costs as of January 2010)
