

SUBJECT INDEX—VOLUME 7, 2003

- Acceptance, of self-sampling for HPV in rural China, 107
- Adenomyoma, of cervix, report and review, 218
- Adenosquamous carcinoma
and Hodgkin lymphoma in cervix, synchronous malignant neoplasms of cervix, 307
- Adequacy, of Pap smear techniques, in pregnancy, 101
- Aggressive angiomyxoma, of space of Retzius, case report, 304
- Agreement, genital tract assessment in adolescents, 259
- AGUS, guidelines for management of, and ASCUS on Pap test, 279
- American Cancer Society guidelines
for cervical cancer, 87
for CIN and cancer, 67
- ASCCP
comprehensive colposcopy curriculum, 224
2001 consensus guidelines, 237
- ASCUS, guidelines for management of, and AGUS on Pap test, 279
- Atypical glandular cells, undetermined significance pap smears, 11
- Bacterial vaginosis
diagnosis of, during pregnancy, 117
and vaginal flora, in peri- and postmenopausal women, 59(ab)
- Baseline cytology, HPV testing and risk for cervical neoplasia, 234(ab)
- Benign endometrial cells
and endometrial neoplasia, cervical cytologic examination, 239
in Pap smears, 250
- Bethesda System terminology
management of cervical cytologic results using, 241
vulvar cytology, terminology for, and, 149(ab)
- Bisexual activity, drug use and sexual behavior in, 60(ab)
- Book reviews
Novak's Gynecology, 140
Preventing Mortality and Morbidity from Cervical Cancer, 235
Women at Risk, 64
- Breast cancer screening
recall of, in minority population, 150(ab)
sociodemographic predictors by ethnicity, 320(ab)
- Cancer
and cervical neoplasia, guidelines, American Cancer Society, 67
CIN treatment, hysterectomy for, 32
diagnosis, patient responses to cervical interrogation by FRS, 299
prevention and detection curriculum, 61(ab)
vaginal, cost-effectiveness of Pap smear screening for, after total hysterectomy, 194
- Candida*
in Dutch cervical screening program, 61(ab)
vaginitis, treatment of, 58(ab)
- Carcinoma, cervical, demonstration of her-2 protein in, 47
- Cedar, Eastern red, leaves of, podophyllotoxin in, 318(ab)
- Cervical atrophy, matrix metalloproteinases and menopause, 36
- Cervical biopsy and LEEP histopathologic diagnoses, comparison of, baseline inaccuracy rates of, 61(ab)
- Cervical cancer
HPV 16/18 types, young women, 3
prevention program, improving compliance with, 95
screening
guidelines, American Cancer Society, 67, 87
recall of, in minority population, 150(ab)
sociodemographic predictors by ethnicity, 320(ab)
- Cervical cytology
management of, 241
Pap test recommendations, 209
- Cervical dysplasia, Pap test recommendations, 209
- Cervical intraepithelial neoplasia (CIN)
2001 ASCCP consensus guidelines, 237
colposcopic diagnosis, in women with external anogenital warts, 22
2001 consensus guidelines for, 154
false-negative cytologic results in, 175
HPV 16/18 types, young Russian women, 3
and Pap smear techniques in pregnancy, comparison of, 101
reproducibility of subclassification of, 203
residual, genotype-specific HPV detection in diagnosing, 149(ab)
use of LEEP specimens for immunologic analyses, 285
- Cervical neoplasia
atypical glandular cells in Pap smears, 11
baseline cytology, HPV testing, and risk for, 234(ab)
and cancer, guidelines, American Cancer Society, 67
CMV DNA, detection of, for HPV, 187
patient acceptance of Pap smear replacement test, 294
patient responses to, by FRS, 299
prevention of, and condoms, 148(ab)
- Cervical neoplasms, demonstration of her-2 protein in, 47, 67
- Cervical Pap smear, reproducibility of SIL subclassification, 203
- Cervical squamous intraepithelial lesion, colposcopic diagnosis, in external anogenital warts, 22

- Cervix
 cytologic examination of, neoplasia and benign endometrial cells association on, 239
 HPV infection of, therapeutic conization and, 232(ab)
 hysterectomy, treatment of CIN, 32
 lesions and false-negative cytology in, 175
- Cervix diseases, adenomyoma, 218
- Cervix neoplasms
 adenomyoma, report and review, 218
 colposcopic features in predicting, 6
- CIN
 HSIL Pap smears, management for, 104
 treatment of, hysterectomy for, 32
- CIN 1, history of, in primigravida, 29
- CIN 2,3, effect of HIV in treatment outcome of, 16
- Clinical guidelines, Pap test recommendations, 209
- Clinical value, colposcopy Pap test, 264
- Collecting device, in liquid-based cytology, 168
- Colposcopy
 curriculum, ASCCP, 224
 education of, revised curriculum, 221
 external anogenital warts, in women and, 22
 features in predicting cervical intraepithelial neoplasm, 6
 of genital tract, assessment of adolescents, 259
 inadequate follow-up, cervical cryotherapy with, 62(ab)
 Pap test, 264
 pioneer, Ellis Charles Pixley, 44
 and primary care appointment, psychological effects, 89
 repeating Pap smear at, usefulness of, 271
- Condoms, and prevention of genital HPV infection, 148(ab)
- Condyloma acuminata, prevalence of, colposcopic diagnosis, in women with external anogenital warts, 22
- Conization
 hysterectomy, CIN treatment, 32
 therapeutic, and HPV of uterine cancer, analysis, 232(ab)
 use of LEEP specimens for immunologic analyses, 285
- Cost, and HSIL Pap smears management, 104
- Cost-benefit analysis, Pap smear screening after total hysterectomy, 194
- Cryotherapy
 cervical, with colposcopy, 62(ab)
 effect of HIV and treatment outcomes of CIN, 16
- Cytologic techniques, reproducibility of SIL subclassification, 203
- Cytology
 false-negative, in high-grade cervical neoplasm, 175
 reproducibility of SIL: CV vs. TP Paps, 203
- Cytomegalovirus, DNA, detection of, for HPV, 187
- Deepithelialized vulvar transposition flaps, vaginoplasty using, 233(ab)
- Desquamative inflammatory vaginitis, 58(ab)
- Diagnosis, of bacterial vaginosis during pregnancy, 117
- Diagnostic gain, colposcopy Pap test, 264
- Drug, and sexual behavior of bisexual women, 60(ab)
- Dutch cervical screening program, genital infections in, 61(ab)
- Economics, of Pap smear screening after total hysterectomy, 194
- Endocervical canal, extension of transformation zone, 254
- Endometrial neoplasia, and benign endometrial cells, on cervical cytologic examination, 239
- Epstein-Barr virus, vulva, lymphoepithelioma-like carcinoma of, 136, 184
- Erb-b2, demonstration of, in cervical carcinomas, 47
- Erosive lichen planus, of vulva and vagina, 321(ab)
- External anogenital warts, colposcopy, in women, 22
- External genital warts, prevention of, and condoms, 148(ab)
- False negative, cytologic results in high-grade cervical neoplasia, 175
- Fluorescent and reflective spectroscopy (FRS)
 cervical, patient responses to, 299
 patient acceptance of, Pap smear replacement test, 294
- Foamy histiocytes, on Pap smears, 250
- Genital infections, urbanization and prevalence in The Netherlands, 61(ab)
- Genital tract, assessment of, in adolescents, 259
- Genital warts, health and economic burden of, in private health plans, 318(ab)
- Gynecology, care and sexual abuse in Germany, 233(ab)
- Health and economic burden, of genital warts in private U.S. health plans, 318(ab)
- Health benefit, colposcopy Pap test, 264
- HIV-1 infection, cervical squamous intraepithelial lesions, 16
- Hodgkin lymphoma, and adenosquamous carcinoma in cervix, synchronous malignant neoplasms of cervix, 307
- HPV
 infection, therapeutic conization and, of uterine cancer, 232(ab)
 self-sampling for, in rural China, 107
- HSIL, "see and treat" management for, on Pap smears, 104
- Human papillomavirus (HPV)
 baseline cytology and risk for cervical neoplasia, 234(ab)
 and cervical neoplasia, detection of CMV DNA in, 187
 of cervix, 14-year-old girl, 51
 colposcopic diagnosis, in women with external anogenital warts, 22
 in Dutch cervical screening program, 61(ab)
 genotype-specific, detection in diagnosing residual CIN, 149(ab)
 incidence, clearance and predictors of, in women, 319(ab)
 incidence and risk factors in college students, 234(ab)
 lesions and false-negative cytology in CIN and, 175

- prevention of, and condoms, 148(ab)
 tissue fractions, assessment of, using LEEP specimens, 285
 16/18 types in young Russian women, 3
 type 16 vaccine, controlled trial of, 148(ab)
 vaccines, review, 319(ab)
- Hysterectomy
 total, cost effectiveness, Pap smear screening, 194
 treatment of CIN, 32
- Imiquimod
 5% cream and vaginal intraepithelial neoplasia, 291
 review, 233(ab), 318(ab)
- Immune response modifier, and vaginal imiquimod 5%
 cream treatment, 291
- Immunohistochemistry, and vulvar Paget disease, 122
- Interstitial cystitis, with pelvic pain, intravesical potassium
 sensitivity, 232(ab)
- LEEP
 effect of HIV and treatment outcomes of CIN, 16
 histopathologic diagnoses and cervical biopsy, comparison
 of, baseline inaccuracy rates of, 61(ab)
 use of, for immunologic analyses, 285
- Lichen sclerosus: review, 60(ab)
- Liquid-based cytology, collecting device in liquid medium for,
 168
- LLETZ, HSIL Pap smears, management for, 104
- Low-grade squamous intraepithelial lesion, managing women
 with, 241
- Lymphoepithelioma-like, carcinoma of vulva, 136, 184
- Mammography, screening, recall of, in minority population,
 150(ab)
- Mammography reminder system, Pap smear information,
 320(ab)
- Management
 guidelines, of ASCUS and AGUS on Pap test, 279
 repeating Pap smear at colposcopy, usefulness of, 271
- Matrix metalloproteinase, uterine cervix, postmenopausal
 women, 36
- Menopause, matrix metalloproteinases in uterine cervix and,
 36
- Metastatic tumors, of vulva, study, 321(ab)
- Metronidazole vaginal gel, abnormal Pap smears and, 63(ab)
- Östör, Andrew G., in memoriam, 151
- Paget's disease, of vulva, 61(ab)
- Pain thresholds, vestibular tactile and, in VVS, 60(ab)
- Papanicolaou smears and metronidazole vaginal gel treat-
 ment, 62(ab)
- Pap smear
 atypical glandular cells in, 11
 endometrial cells in, cytohistologic correlation, 250
 HSIL, management for, 104
 information and mammography reminder system in HMO,
 study, 320(ab)
 low-grade abnormal, management of, 63(ab)
 repeating, at colposcopy, usefulness of, 271
 screening, recall of, in minority population, 150(ab)
 techniques, comparison during pregnancy, 101
 use of LEEP specimens for immunologic analyses, 285
- Pap test
 colposcopy, 264
 guidelines in management of ASCUS and AGUS on, 279
 recommendations, 209
- Patient acceptance, of FRS, Pap smear replacement test,
 294
- Patient preferences, cervical interrogation by FRS, 299
- Pelvic pain, interstitial cystitis with, intravesical potassium sen-
 sitivity, 232(ab)
- Pixley, Ellis Charles, colposcopy pioneer, 44
- Podophyllotoxin, of Eastern red cedar leaves, 318(ab)
- Postmenopausal women, Pap smears of, endometrial cells in,
 250
- Potassium sensitivity, interstitial cystitis with pelvic pain and,
 232(ab)
- Pregnancy
 CIN 1, history of, during, 29
 diagnosis of bacterial vaginosis during, 117
 Pap smear techniques, endocervical cell recovery, compari-
 son of rates in, 101
- Presidential Address, 142
- Prevention programs, cervical cancer, improving compliance
 with, 95
- Primigravida, CIN 1 history in, 29
- Psychological effects, of colposcopy, primary care appoint-
 ment and, 89
- Receptor, her-2 protein in cervical carcinomas, 47
- Reproducibility, SIL subclassification, CV vs. TP Paps, 203
- Sampling, liquid-based cervical cytologic, optimizing, 168
- Self-sampling, patient acceptance of, for HPV in rural China,
 107
- Sensitivity and specificity, colposcopic features in predicting
 CIN, 6
- Sexual abuse, and gynecologic care in Germany, 233(ab)
- Sexual behavior, and drug use, bisexual women, 60(ab)
- Smoking, HPV 16/18 types, young Russian women, 3
