

## SUBJECT INDEX—VOLUME 10, 2006

---

- Acetic acid
  - for recovery of squamous cells in ThinPrep slide, 273(ab)
  - for visual inspection of cervix, 83, 129(ab)
- Adenocarcinoma in situ of intestinal type, of hymen, 156
- Adolescent women, CIN factors in, 140
- Antidepressants, tricyclic, for vulvodynia, 245
- ASCCP, humanitarian project in Peru, 58
- Atypical glandular cells, in cervical cytology, 111, 131(ab)
- Atypical squamous cells
  - in adolescent women, 140
  - endocervical curettage for, 146
  - of undetermined significance, 211(ab), 274(ab)
- Atypical squamous cells—cannot exclude high-grade squamous intraepithelial lesion testing, 272(ab)
  
- Bacterial vaginosis, *Trichomonas vaginalis* and, 137
- Barrier contraception, and testing for LGT infection, 213
- Behçet disease, with overlapping tuberculosis, 219
- Bleeding, postcoital, 208(ab)
- Blood, peripheral, HPV in cervical cancer patients, 131(ab)
- Breast screening, English proficiency and, 75(ab)
  
- Cavernous hemangioma of cervix, 107
- CD-ROM review
  - Understanding Cervical Colposcopy, 63
- Cervical cancer
  - angiostatin inhibition of (mouse), 73(ab)
  - cervigrams for research in, 16, 39
  - community outreach to high-risk women, 132(ab)
  - in developing countries, 58
  - early detection by HPV DNA testing, 256
  - genetic and molecular analysis of, 72(ab), 73(ab)
  - HPV in patients' blood, 131(ab)
  - after multiple negative cytology results, 130(ab)
  - screening for, 5, 73(ab), 74(ab), 75(ab), 129(ab), 252, 275(ab)
  - thalidomide inhibition of (mouse), 73(ab)
- Cervical dysplasia
  - after loop electrosurgical excision, 73(ab)
  - in pregnancy, 74(ab)
- Cervical imaging
  - digitized, 10, 16, 39
- Cervical intraepithelial neoplasia
  - in adolescent women, 140
  - cone biopsy for, 209(ab)
  - distribution on cervix, 45
  - follow-up care of, 272(ab)
  - HPV testing in prediction of, 130(ab)
  - loop electrosurgical excision for, 209(ab)
  - Reid Colposcopic Index, in prediction of, 275(ab)
  - smoking and, 223
- Cervical neoplasia
  - digitized cervical imaging for, 10, 16, 39
- Cervical preinvasive disease, nomenclature for, 51
- Cervicography, vs. cytology, 229
- Cervigrams, for research in cervical cancer, 16, 39
- Cervix
  - cavernous hemangioma of, 107
  - CIN distribution on, 45
  - low-grade abnormalities of, 26
  - primary malignant melanoma of, 258
- Chinese women in US and Canada, cancer screening in, 74(ab)
- Chlamydia trachomatis*, specimen collection during Pap smear, 207(ab)
- Cidofovir, for vulvar intraepithelial neoplasia, 131(ab)
- Clinical Question: Ask the Experts, 64, 264
- CO<sub>2</sub> laser vaporization
  - for condyloma acuminata, 238
  - for vulvar intraepithelial neoplasia, 209(ab)
- Colposcopy
  - digital tools for, 16
  - errors in, 5
  - of gland (crypt) openings, 79
  - hormonal contraception and, 74(ab)
  - postcoital bleeding and referral for, 208(ab)
  - repeated cytology at, 274(ab)
  - training in, 89
  - in United Arab Emirates, 151
- Community outreach program, for women at high risk for cervical cancer, 132(ab)
- Cone biopsy, for CIN, 209(ab)
- Condyloma acuminata, CO<sub>2</sub> laser vaporization for, 238
- Contraception
  - barrier, and testing for LGT infection, 213
  - hormonal
    - and colposcopy, 74(ab)
    - and false-positive cervical cytology, 102
- Cost-effectiveness, of screening methods, 129(ab), 211(ab)
- Cytology
  - cervical cancer after negative results of, 129(ab)
  - vs. cervicography, 229
  - endometrial cells in, 111
  - false-positive, hormonal contraception and, 102
  - liquid-based, 129(ab), 208(ab)
  - oral brush, potential application of, 208(ab)
  - repeated, value of, 274(ab)
  - vs. visual inspection with acetic acid, 83

- Developing countries, early diagnosis and prevention of cervical cancer in, 58, 83
- Diaphragm, and testing for LGT infection, 213
- Digitized cervical imaging, 10, 16, 39
- Editorials, 1, 135
- Endometrial cancer, HRT in survivors of, 92
- Endometrial cells, in cervical cytology, 111
- English proficiency, and screening effectiveness, 75(ab)
- Excision, for vulvar intraepithelial neoplasia, 209(ab)
- Gland (crypt) openings, colposcopy of, 79
- High-grade squamous intraepithelial lesion, management of, 109
- Home study course  
fall 2006, 266  
spring 2006, 123  
summer 2006, 199  
winter 2006, 66
- Hormonal contraception  
and colposcopy results, 74(ab)  
and false-positive cervical cytology, 102
- Hormone replacement therapy, in endometrial cancer survivors, 92
- Human papilloma virus  
in adolescent women, 140  
and atypical squamous cells of undetermined significance, 274(ab)  
barrier contraception, and testing for, 213  
in cancer prediction, 131(ab), 229  
in CIN follow-up care, 272(ab)  
in CIN prediction, 130(ab)  
in early detection of cervical cancer, 256  
genotypes of, 72(ab)  
in peripheral blood of cervical cancer patients, 131(ab)  
in screening, 26, 129(ab)  
and vulvar intraepithelial neoplasia, 209(ab)
- Hymen, villoglandular adenocarcinoma in situ of intestinal type, 146
- Imiquimod cream, for vulvar intraepithelial neoplasia, 210(ab)
- In Memoriam  
Joseph H. Bellina, 3  
Rene Cartier, 77
- Langerhans cells, in CIN, smoking and, 223
- Letter to the Editor, 133
- Loop electrosurgical excision  
cervical dysplasia after, 73(ab)  
incomplete, 207(ab)  
and obstetric complications, 109  
positive margins after, 209(ab)
- Lugol's iodine, for cervical screening, 129(ab)
- Malignant melanoma, of uterine cervix, 258
- Mongolia, cervical screening in, 83
- National Cancer Institute, research collaboration with ASCCP, 1
- Neisseria gonorrhoeae, specimen collection during Pap smear, 207(ab)
- Orogenital ulcers, 219
- P16<sup>INK4a</sup>, in cancer prediction, 131(ab)
- Pap smear  
in CIN follow-up care, 272(ab)  
cost-effectiveness of, 129(ab)  
endocervical cells in, or absent from, 273(ab)  
follow-up of, 211(ab)  
order of specimen collection during, 207(ab)  
Toyota production system, to improve quality of, 211(ab)
- Peru, ASCCP humanitarian project in, 58
- Photodynamic therapy, for vulvar intraepithelial neoplasia, 209(ab)
- Postcoital bleeding, and colposcopy referral, 208(ab)
- Pregnancy, cervical dysplasia in, 74(ab)
- President's column, 204
- Primary malignant melanoma, of uterine cervix, 258
- Reid Colposcopic Index, in prediction of cervical histologic results, 275(ab)
- Replens, and testing for LGT infection, 213
- Screening  
cost-effectiveness of methods, 129(ab)  
English proficiency and, 75(ab)  
in Latin America, 129(ab)  
in Mongolia, 58  
in Peru, 58  
primary physicians' awareness of guidelines, 275(ab)  
sensitivity of, 5  
in UK National Health Service, 26  
in United Arab Emirates, 151  
in United States, 73(ab)  
in US and Canadian Chinese women, 74(ab)  
women's knowledge of, 252
- Sebaceous hyperplasia of vulva, 55
- Smoking, and CIN, 223
- Society news, American Society for Colposcopy and Cervical Pathology, 69, 126, 204, 269
- Squamous intraepithelial lesions  
endocervical curettage for, 146  
Pap smear identification of, 273(ab)

- Toyota production system, for improvement of Pap smear quality, 211(ab)
- Transvaginal ultrasound, in evaluation of endometrial cells, 111
- Trichomonas vaginalis, and bacterial vaginosis, 137
- Tricyclic antidepressants, for vulvodynia, 245
- Tuberculosis, overlapping Behçet disease, 219
  
- Ulcers, orogenital, 219
- United Arab Emirates, colposcopy services in, 151
  
- Women's Health Initiative, and HRT use, 92
  
- Vaginosis, bacterial, Trichomonas vaginalis and, 137
- Vulva, sebaceous hyperplasia of, 55
- Vulvar basal cell carcinoma, 242
- Vulvar carcinoma, precursors of, 135, 161
- Vulvar intraepithelial neoplasia
  - cidofovir for, 131(ab)
  - imiquimod cream for, 210(ab)
  - treatments for, 210(ab)
  - HPV and, 209(ab)
  - and squamous cell carcinoma, 161
- Vulvectomy, for vulvar intraepithelial neoplasia, 209(ab)
- Vulvodynia, tricyclic antidepressants for, 245
