

**ASCCP COLPOSCOPY
EVALUATION FORM**

Date _____ Pt Age ____ Pt Log ID# _____ Reason for Colpo _____

G ___ P ___ AB ___ LNMP ___ Pregnant Y/N Current Meds _____

Menopause Y/N Abnl Bleeding Y/N

Current Contraceptives _____

History of STDs : _____ History of LGT Ca _____

HIV Status: Decline Positive Negative Current Genital Warts Y/N DES Exposure Y/N

Last Pap smear date ____ Results _____

Previous abnl Pap Date ____ Results _____ Current gyn problems _____

Previous abnl Pap Date ____ Results _____

Previous colposcopy Date ____ Results (eg, Histology) _____

Previous treatment Date ____ Type _____

LEGEND (Please diagram cervix to include the t-zone and lesions. Indicate findings by letter from legend and biopsy site (eg, BxA, BxB, etc.). Diagram vagina and vulva as appropriate.

- Y/N Columnar epithelium = **C**
- Y/N Squamocolumnar junction = **SCJ**
- Y/N Original squamocolumnar junction = **OSCJ**
- Y/N Squamous metaplasia = **SM**
- Y/N Nabothian cyst = **N**
- Y/N Gland openings = **G**
- Y/N Leukoplakia/Keratosi s = **L**
- Y/N Acetowhite epithelium = **AW**
- Y/N Punctation = **P**
- Y/N Mosaic = **M**
- Y/N Atypical vessels = **Av**
- Y/N Suspect invasive cancer = **Ca**

Cervix

Vulva

Vagina

EXAM: Satisfactory colposcopy Y/N Endocervical sample technique: Not done Brush Curettage

COLPOSCOPIC IMPRESSION (select *worst*):

- Normal High Grade (e.g., CIN2, CIN3, VaIN2, VaIN3, VIN2, or VIN3)
- Low Grade (e.g., CIN1, VaIN, VIN1) Cancer

Biopsy Y/N _____ Biopsy Result _____

Plan of Management _____
