

ASCCP Honoraria Policy

The ASCCP Educational Program Honoraria Policy supersedes any and all such policies previously adopted by ASCCP. Staff shall ensure that this policy receives periodic review, and shall make appropriate recommendations to Executive Committee and/or Board when necessary.

Background

The Accreditation Council for Continuing Medical Education (ACCME) requires accredited providers to have a policy regarding honoraria paid for educational activities. As stated in element 3.7 of the ACCME's Essential Areas and Their Elements; *"The provider must have written policies and procedures governing honoraria and out of pocket expenses for planners, teachers and authors."*

ASCCP Policy

Compensation for participating in ASCCP continuing medical education activities, whether a live meeting or enduring materials, shall be limited to that provided by ASCCP. Content developers shall not accept compensation from commercial interests in addition to or in lieu of compensation provided by the ASCCP. This includes both financial and in-kind compensation.

ASCCP will reimburse course directors and faculty for directly sponsored ASCCP educational programs. Remuneration for honoraria will be as follows, according to the type of educational program, up to the following amounts:

Program Type	Course Director	Co-Director	Faculty
